Memorial Ceremonies of Frankfort Lodge, No. 28, I. O. O. F.

One of the most agreeable and interesting entertainments that has transpired in this city for a long time occurred at the hall of Frankfort Lodge, No. 28, I. O. O. F., on Monday evening last. Persons not present on that occasion missed a great intellectual treat.

The ceremonies were opened by a beautiful and appropriate prayer by Rev. George Darsie, after which Judge W. H. Holt, Past Grand Master of Kentucky, was introduced and made an earnest and eloquent address upon the power and usefulness of women, exhorting them to work for humane and benevolent orders. Col. John L. Scott also delivered a powerful address upon the good the order has accomplished in the last seventy years. These speeches were very impressive and were highly appreciated by the audience.

Mrs. J. C. Morton read an exceedingly chaste and lovely poem entitled, "The Odd Fellow's Boy." It was a feature of the evening and was loudly applauded. We hope that she will permit it to be published, as it was certainly an extraordinary production and would be highly appreciated by the order wherever read.

Miss Sophie Zink's solo upon the zither was beyond description, and was enthusiastically encored. Those who did not hear this accomplished musician missed a treat, for it is seldom we ever listen to such music.

The singing of the Liederkranz Society was highly appreciated and added much to the occasion.

The Capital City Orchestra furnished the music during the programme and played several delightful and enchanting pieces, which were loudly applauded and were even beyond the standard of that excellent band. The orchestra will compare favorably with any we have ever heard.

After a short recitation by Bro. Thos. B. Ford the audience was dismissed and all went home delighted with the evening's entertainment. It was an occasion that will long be remembered by the Odd Fellows of this city.

After the adjournment the following resolutions were adopted by the committee on programme:

Resolved, That we tender our most sincere thanks to Bros. W. H. Holt and John L. Scott for their appropriate and excellent addresses on this occasion. Also to Mrs. J. C. Morton for her beautiful poem and the reading thereof, and that she is requested to have the same published. Also to Miss Sophie Zink for her exquisite performance on the zither, and also the Capital City Orchestra for the delightful music furnished by them during the

evening. Also to Brother Geo. Darsie for his impressive and appropriate prayer delivered on that occasion, and to the Liederkranz Society for the vocal music contributed by them.

Resolved, That the Secretary of our Lodge be instructed to copy these resolutions on the minute book of our Lodge.

Robbing Graves.

There are a lot of vandals about this city, male and female, who deserve a term on the rock pile or in the pen, for their mean, sneaking thievery. They have gotten so bad that its almost impossible to keep a flower on the graves or plant in a lot in the cemetery. On Saturday a lady planted four fine roses in her lot and on Sunday they were gone; another lady placed flowers upon the grave of a loved one Sunday morning and by four o'clock in the afternoon they were stolen.

These prowling petty thieves may think they are committing no offense in taking the flowers from graves but as plants and flowers cost money, they are as much guilty of theft as if they picked the pockets of the lot owners, and deserve to be punished severely, for if there is one spot that should be kept sacred from their polluting touch it is the last resting place of our dead.

This thing has been stopped before and the lot owners have a right to expect the Cemetery Company to see that these offenders are speedily looked after. One or two arrests with heavy fines inflicted will go a great ways towards breaking it up.

Grasp the Opportunity.

Our enterprising druggist, P. H. CARPENTER, cordially invites you to try a 50c. bottle of Dr. Hale's Household Cough Cure. This new remedy acts quickly on the bronchial tubes, throat and lungs, lessens the desire to cough and heals mucous membrane. If consumption it will cure you. Pleasant to take. The children like it.

Opening of the Commercial School.

The patrons and friends of the new Commercial College are especially requested to be present at the City School building Monday morning, June 18th, at 9 o'clock, to attend the opening exercises of the college. Several addresses will be delivered by prominent business men and others.

The Ladies.

The pleasant effect and perfect safety with which ladies may use the California liquid laxative, Syrup of Figs, under all conditions, make it their favorite remedy. To get the true and genuine article, look for the name of the California Fig Syrup Co., printed near the bottom of the package.

World's Fair Highest Medal and Diploma.

A Handsome Table.

Mrs. Mary Brown Day, State Librarian, has been presented with a table by a convict in the penitentiary, which is the handsomest piece of inlaid work we have ever seen. It is the work of James Stafford, who was sent up from Glasgow. It contains thousands of pieces of different woods, most of them foreign, and is elegantly finished. It is a round center table and has her initials—"M. B. R. D., 1894."—inlaid upon the lower shelf. She is very proud of it and has it on exhibition in the library rooms.

Large Excursion.

Hon. W. C. Owens and Hon. E. E. Settle, candidates for the Democratic nomination for Congress, spoke in Lexington on Monday and drew a large crowd from all over the district. A special train of four coaches, filled with people, went up from this city, in addition to quite a number who went on the regular trains.

Blood Will Tell.

According to the condition of it, if in bad order it shows itself in pimples, yellow complexion and various eruptions of the skin. If in good order it shows in the clear complexion, the glow of health, the good spirits. The latter condition you can produce by the use of Dr. Hale's Household Tea, the great blood purifier and nerve tonic. 25c. and 50c. a package at P. H. CARPENTER'S drug store.

GAS EXPLODED.

A Lady Badly Burned and a Room Wrecked.

Mrs. James Sower discovered that her house on Wilkinson street was being filled with gas Thursday evening about 7 o'clock, and going into the bath room she struck a match. An explosion immediately followed which blew the window out, tore off the rail of a door some distance away knocked down the plastering in the adjoining room, and broke every lamp chimney in the house. Mrs. Sower was terribly burned about the chest, arms and back of the neck.

The room took fire and an alarm was turned in from box 34, but when the department arrived on the ground the flames had been extinguished, only the window shade having been consumed. The trouble was caused by some one turning on the gas in the instantaneous water heater and leaving the key open.

Mrs. Sower's condition yesterday was considered serious and her family are very uneasy about her.

Work Well Done.

Those who visited the Public School building this week could not fail to be favorably impressed with the display of work executed in the various departments of the school, as the specimens on exhibition were exceedingly interesting. The handiwork of the little tots in the Kindergarten class was sure to attract the eye on first entering the building, much of it exhibiting considerable skill and ingenuity in the little hands which gave it form and shape.

The manual training department came next and drew large crowds of interested spectators. The samples of work displayed proved that the pupils are being taught self control as well as patience and perseverance, as the work evidenced great care in its execution. This department was only established last fall and the progress made by some of the class is truly wonderful, the young ladies especially having acquired remarkable skill in the manual arts. This new feature promises to be one of the most helpful aids to education of modern times.

It May Do as Much For You.

Mr. Fred Miller, of Irving, Ill., writes that he had a severe kidney trouble for many years, with severe pains in his back and also that his bladder was affected. He tried many so called kidney cures but without any good result. About a year ago he began the use of Electric Bitters and found relief at once. Electric Bitters is especially adapted to cure all kidney and liver troubles and often gives almost instant relief. One trial will prove our statements. Price only 50 cents for large bottle. At P. H. CARPENTER'S drug store. 6

HOW THEY LIKED IT.

What the Members of the Press Association Say of the Meeting Here Last Week.

The Owensboro Messenger says: "The people of Frankfort are entertainers by birth and education. Entertainment has been their lifetime occupation. It was, therefore, without special effort or any flurry that they lavished their hospitality upon the editorial fraternity last week. It just came natural to them. Whatever prejudices a stranger may have when he enters Frankfort, by the bridge or the tunnel, they are all overcome before he gets away, and he is the devoted slave of Frankfort ever afterward."

Catlettsburg Democrat: "The Kentucky Press convention met at Frankfort, Ky., on Wednesday of last week and remained in session three days. This meeting proved to be one of the most pleasant in the history of the association and the good people of Frankfort let no opportunity of making the peccol pushers spend an enjoyable holiday go by unimproved, and for which the whole fraternity will ever hold them in grateful remembrance."

Mayfield Monitor: "How the editor's heart swells with pride and gratitude at the honors heaped upon his profession, and how full is his keen appreciation of the hospitalities poured into the laps of the brethren of the State press. An editor is not selfish, but his love for his profession is indeed great. "The meeting at Frankfort was not an exception. If possible it surpassed its predecessors. It was a brilliant success in every particular. Long will the memory of this delightful meeting remain with us to cheer and brighten the gloom of office labor. Each individual of "the gang" left her hospitable doors with the deepest sense of regret, envying the lucky editors whose good fortune it was to have a permanent hold on the luxuries Frankfort could give."

Lexington Observer: "The annual meeting of the Kentucky Press Association, which took place at Frankfort, Ky., Wednesday, Thursday and Friday of this week, was one of the most delightful occasions known to the history of the Association. The weather was all that could be desired, the attendance was unusually large, and the magnificent hospitality of the people of that beautiful little city, long widely known for its intelligence and culture, was unsurpassed. So great and so liberal was the entertainment that a round of pleasure for three days broke the monotony if not delayed the routine work of the Association."

Danville Advocate: "The good people of the Capital and the members of the Frankfort press certainly gave the members of the K. P. A. no occasion to complain of inattention or an absence of that free and generous treatment that they always meet with at their annual gathering. Behind in nothing, leading in many particulars, and lavish in all things. The citizens of this little city between the hills demonstrated that the half has never been said of their hospitality. The newgatherers also observed the disreputable old structures called public buildings, relics of yore often time, creditable and capacious, per-

haps, in those days, but entirely inadequate for the present, needs, and penuriosities that should be superseded without delay by edifices in harmony with our pride, our wealth and our growth. Every guest of Frankfort during the session of the K. P. A. will advocate the erection of handsome modern buildings compatible with the dignity of the old Commonwealth, and which will be a credit to State and the present seat of the government."

The Shelby Sentinel, whose editor was not present, says: "Frankfort, we can easily believe, did herself honor and her people won the undying admiration of the press gang by their gracious hospitality and genuine courtesy. Whatever Frankfort wants the Kentucky editors will assist her to secure."

Matrimonial.

Shorthand by Music.

It affords us great pleasure to state that Prof. C. Hansen, who commences to teach a course in shorthand by music next Monday, is meeting with remarkable success. Over 50 young men and ladies have already enrolled. They realize that there never will be another opportunity of learning shorthand for \$5, which is the entire expense for the complete course. Everybody is invited to attend the trial lessons at Prof. Graham's Academy of Music free of charge on Monday afternoon at 3 for ladies, and 7:30 for young men. It will pay everyone to go.

U. S. Court.

The United States District Court met in this city on Monday, with Judge John W. Barr presiding and District Attorney W. M. Smith and Assistant District Attorney Arthur Wallace both present. Numerous cases for the violation of the revenue laws have been tried and a large number of witnesses have been in attendance. The court will probably continue in session next week.

Admitted the Facts.

Newspaper editors have to be very careful in opening their columns for statements. But aware that the Dr. Miles Medical Co. are responsible, we make room for the following testimonial from R. McDougall, Auburn, Ind., who for two years noticed a stoppage or skipping of the pulse, his left side got so tender he could not lie on it, his heart fluttered, he was alarmed, went to different doctors, found no relief, but one bottle of Dr. Miles' New Heart Cure cured him. The elegant book, "New and Startling Facts," free at J. W. Gayle's. It tells all about heart and nervous diseases and many wonderful cures. 3

Stabbed by a Steer.

Mr. Will L. Collins was butchering a steer at his father's place on Pea Ridge pike a few days since, and having knocked the animal in the head and cut his throat, was proceeding to cut him up when, in the death struggle the steer struck the knife Mr. Collins held in his hand with its leg, driving the keen edge against his abdomen and cutting a gash seven or eight inches long. Fortunately the knife did not penetrate to the hollow. He received prompt medical attention and is able to go about.

Why Is This?

A Louisville firm was paid eighty odd dollars by the common council for making books for one of the departments of the city, while there are two binderies here at home, either of which could have done the work as well and as cheaply. It seems to us that city tax-payers should be given preference over outsiders when work of this kind is to be given out.

Prison Day.

Saturday was prison day and the ladies of the Women's Christian Temperance Union celebrated it by going to the penitentiary, holding services and distributing flowers to the prisoners. Quite a large delegation of ladies came from Lexington and Louisville for the purpose of attending the services.

Business Changes.

Mr. C. F. Proehl has sold out his saloon on St. Clair street to Mr. James F. Dailey, and the Elevator Coal Company has removed its office from the corner of St. Clair and Wapping to the grocery of Messrs. Howard & McCoy, opposite the court house.

They All Take It.

Whooping cough is quite prevalent in the city just at present and is not confined to children alone, as several grown people are also suffering from it.

Adjoined to see the Animals.

Judge W. W. Kimbrough adjourned court at Cynthia's to let all see the animals in Robinson's circus. Four thousand persons attended. This adjournment of court on account of a circus is not without precedent. Long time ago there was a circus and menagerie at Frankfort while Judge Nuttall was presiding over the Circuit Court. An elephant was to swim the Kentucky river, and the Frankforters were anxious to see how the specimen of the pachyderm tribe would perform the aquatic feat. Judge Nuttall was among the number who wanted to see it, and announced that court would adjourn for that purpose. There was an important case in court, and the proposition was objected to, but the Judge was inflexible, and heedless of all protestation adjourned court to see the elephant swim the river. So "they say."—*Kentuckian-Citizen*.

There is no "they say" business about Judge Nuttall, adjourning court in this city so that he could go down and see the elephant swim the river, but it is an actual fact. He gave as a reason that he was an old man and might not have another opportunity of witnessing such a sight, therefore did not care to miss it.

Crossing the Atlantic

Usually involves sea sickness. When the waves play pitch and toss with you, strong indeed must be the stomach that can stand it without revolting. Tourists, commercial travelers, yachtsmen, mariners, all testify that Hostetter's Stomach Bitters is the best remedy for the nausea experienced in rough weather on the water. Nervous and weakly travelers by land often suffer from something akin to this, and find in the Bitters its surest remedy. No disorder of the stomach, liver or bowels is so obstinate that it may not be overcome by this prompt and benign remedy. Equally efficacious in flatulency, chills and fever, kidney and rheumatic trouble and all nervous. Emigrants to the frontier should provide themselves with this fine medicinal safeguard against the effects of vicissitudes of climate, hardship, exposure and fatigue.

Dumped on the Road.

Messrs. J. S. Darnell and Cabell Conway were returning from the ball game at Thorn Hill Park Tuesday afternoon, and when just out side the park gate the horse they were driving became frightened, overturned the buggy and threw both gentlemen out. The buggy was torn to pieces and Mr. Conway considerably bruised up, but Mr. Darnell escaped injury.

Picnic Next Month.

The Young Men's Institute will give a grand picnic at Thorn Hill Park on the 28th of July. This organization has already given several picnics which were very pleasant and enjoyable, and the one they propose giving will be none the less so.

"Many of the citizens of Rainville, Indiana, are never without a bottle of Chamberlain's Cough Remedy in the house." Says Jacob Brown, the leading merchant of the place. "This remedy has proven of so much value for colds, croup and whooping cough in children that few mothers who know its worth are willing to be without it. For sale by PHIL CARPENTER, South Side Drugstore."

FRANKFORT ROUNDABOUT

FRANKFORT, JUNE 16, 1894.

Council Proceedings.

The Common Council met in regular session on Tuesday evening, with the Mayor and eleven councilmen present.

The minutes of the two last meetings were read and approved.

Petition of Mrs. Wm. Saffell in reference to street improvements, was referred to street committee.

Reports of officers were taken up, approved and ordered filed.

Report of finance committee, showing note of city in State National Bank for \$6,000 due, was received and note ordered renewed.

The City Attorney was required to give bond, which was fixed at \$2,000.

Numerous accounts from various committees were read and approved.

An ordinance to improve East Main street was read and, upon motion of Councilman Marshall, was adopted. Yeas, 10; nays, 1.

The School Committee suggested the coupons on bonds of the city be used during the month of July to pay indebtedness of the city for school expenses, which amounted to \$2,700, and interest on \$1,300, which amounted to \$91.

Mr. Pruett moved to donate said amount to School Board. After some discussion, upon a call of the yeas and nays, the vote stood yeas 4, and nays 7, and the motion was lost.

Motion was then made to advance the School Board said amount, which motion was also lost, by a vote of 7 to 4.

License Committee asked that the coal dealers be licensed \$50 per annum as they were omitted from license list. Mr. Miles moved to add flour, meal and hay dealers, and the matter was referred to License Committee.

Gas Committee recommended 12 additional arc lights in North Frankfort. Upon motion of Mr. Pruett, the matter was referred back to Gas Committee. Council then adjourned.

CLOSING OF THE SCHOOLS.

Exercises of the Grades and High School Commencement.

The Colored School Commencement.

The closing exercises of the Public School commenced on Wednesday morning, the Kinder Garten class and the first four grades giving an entertainment in the chapel, before a large audience. The exercises were very interesting and greatly enjoyed by those present.

In the evening at 8 o'clock the class in literature of the High School gave an exhibition at the Opera House, which was packed from stage to second gallery, with

people, notwithstanding the hot weather. The following programme was excellently rendered:

Thursday evening the 5th, 6th, 7th and 8th grades gave another entertainment in the chapel at the school building, at which all of the little fellows acquitted themselves well, and to the satisfaction of the audience which filled every seat, aisle, window and doorway. The little ones went through their part of the programme like old stagers and seemed to enjoy the performance as much as their audience.

The commencement exercises of the High school took place at the Opera House at 8 o'clock Thursday evening and the building was filled to overflowing with an audience even greater, if such a thing were possible, than the one of the night before. The essays of the graduates were well prepared and excellently read, while the music interspersed in the programme was a pleasing relief from the monotony. Following was the order of exercises:

SHELBYVILLE WINS.

The home team was shut out in the game with Shelbyville last Saturday. The visitors presented a strong team, especially at the bat, and deserved their victory, although had the locals played with their usual vim and earnestness the score would not have been so large. Stultz did the bulk of the visitors field work, striking out ten, making nine assists and having one put-out to his credit. Meredyth also made two pretty catches. Of the home team's work the least said the better. The attendance at this game was very large.

ANOTHER GAME LOST.

The drubbing received from Shelbyville seemed to take all the "sand" out of Mr. Marshall's pets, and after getting a long lead in the first inning of Tuesday's game, they fell down in the stretch and allowed a picked nine from Louisville, yeclpet the "O. I. C." to romp past the post an easy winner in a very slow game. There was only a small crowd present and many of these left after the sixth inning.

The score:

ALTON, KY., June 1, 1894.

One of the most interesting and exciting games of base ball that has been played here during the present season was between the St. Clair street team of Frankfort, and the home boys, which resulted in a score of 15 to 14 in favor of the Alton Club, on last Saturday afternoon. During the entire game great enthusiasm and excitement prevailed among the spectators who manifested a great interest in each side. The batteries were strong, but many base hits were made showing great science and skill. It was thought for awhile that it would take more than nine innings to settle the contest, but during the last half of the ninth inning the Alton boys made several hits which won a great victory for them. The many courtesies that were shown by the visiting club were greatly appreciated and we would be glad to have them meet again.

A SPECTATOR.

Station Robbed.

A thief prized open a window at Elkhorn Station, on the Kentucky Midland Railway, about 8 o'clock Thursday morning, went in, broke open the cash drawer and stole all the money, about three dollars in change, there was in it. The station agent was in his garden at the time, but a few minutes after a gentleman engaged in buying lambs in the neighborhood drove up to the station and called to the agent when the party supposed to be the thief, a young man about nineteen years of age and a stranger in that section, came from the other side of the depot and asked the way to Georgetown. On being told he walked off up the track and soon disappeared. Capt. Redd, the agent, as soon as he discovered his loss procured a vehicle and drove to Switzer in search of the fellow but failed to catch him. It is thought that when out of sight of the station he crossed over the hill and came back in this direction.

A Quarter Century Test.

For a quarter of a century Dr. King's New Discovery has been tested, and the millions who have received benefit from its use testify to its wonderful curative powers in all diseases of throat, chest and lungs. A remedy that has stood the test so long and has given so universal satisfaction is no experiment. Each bottle is positively guaranteed to give relief, or the money will be refunded. It is admitted to be the most reliable for coughs and colds. Trial bottles free at P. H. CARPENTER'S drug store. Large size 50 cents and \$1.

The First Chairs.

The machinery of the Capital City Chair Company is nearly all up and the first chairs made at their new factory were set up on Thursday. The company is rapidly getting things in shape to employ a full force of hands and will soon be turning out a large stock of first class goods.

Sometime ago I was troubled with an attack of rheumatism. I used Chamberlain's Pain Balm and was completely cured. I have since advised many of my friends and customers to try the remedy and all speak highly of it. **BYRON GOLDBAUM,** San Luis Rey, Cal. For sale by PHIL. CARPENTER, South Side Drugist.

Hidden Emotion.

'Oft on the ocean's silent crest
We see no sign save peace and rest.
No ripples on the surface tell
That under currents surge and swell.
And so the human breast may burn
With pity, love or bitter scorn,
And still there be no sign, no trace,
No index written on the face.

Duckers.

Weather warm and dry.
Growing crops look well but need rain.

The Misses Fogg entertained their friends with a social dance one night of last week.

Miss Lutie Johnson, of Franklin, who has been visiting friends here, returned to her home on Thursday of last week.

Our champion, Hon. W. C. Owens, is on the war path while the great apostle of shame is on the run.

Mrs. Lizzie Gibson, of Texas, who is visiting relatives here, will leave in a few days for her home.

Billie B. says we wear Owens' badges and tell lies on him. Billie O. says the only way to lie on Breckinridge is to say that he (Breckinridge) can tell the truth. We never said it.

Miss Nannie Gaines will soon leave us to resume her duties in the schools of Japan. We are sorry to have Miss Nannie go from us to a land so distant, but her duty and life work is there, so no solicitation from friends will induce her to stay.

A short time ago a certain precinct made out a list of its Breckinridge voters which was submitted to the inspection of an Owens man, and he found on it the names of not less than fourteen avowed, unforgiving, unrelenting and unforgotten Owens men. All right, boys, you count now and we will count at the election.

The ladies of the Forks of Elkhorn Baptist Church gave a supper one night last week at which were present a small but very select party. The affair was an enjoyable one, but we did not learn as to the financial success of the occasion.

Get a crowd together about evenly divided between Owens and Breckinridge if you want to see fun. The Owensites make the fur fly and the Breckinridges let their feathers fall.

The followers of the 'apostle of shame' are in a bad pickle when they must resort to anonymous letters to circulate their lies against Mr. Owens. The writer of that much-talked-of letter would not confess his guilt for his right arm. Unable to establish anything derogatory to the character of Mr. Owens, the cowardly dastard hides behind another's name. A man might go and perambulate all the nooks and corners of hell with the strongest search-light and he would scarcely find a devil equal in low, groveling, degrading and infamous meanness to this dirty, cowardly puppy who seeks to injure his fellow man under the shadow of a hidden identity.

The Woodford Sun and other papers reported Breckinridge as saying in his Frankfort speech, "We all know how easily women are led astray," or similar language. Mr. B. did use that language in almost if not those identical words, and we can so establish. It seems, though, the Breckinridge papers, like Breckinridge himself, can't tell the truth.

DIED—Of political heart failure, on the 11th inst., W. C. P. Breckinridge. The deceased breathed his last in the city of Lexington. The funeral was attended by rejoicing thousands. Chief pallbearers, W. C. Owens and E. E. Settle.

The readers of the ROUNDABOUT will be pleased to learn that there is at least one drugged disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

On to Washington.

Three years ago, the only authentic map of the Virginia battlefields was prepared in the War Department for the Chesapeake & Ohio Railway Co. It can with safety be asserted that it is the most interesting map published; and so great was the demand for the first edition that 100,000 were soon absorbed, but it has been re-issued for the occasion of the K. of P. Encampment at Washington in August, and will be mailed free after June 1st, upon application to C. B. Ryan, Assistant General Passenger Agent, C. & O. Ry., Cincinnati, O. In connection with the map is also a description of the grand and varied scenery of the Virginias, and the delightful Mountain and Sea Shore Resorts along the C. & O., as well as a sketch of the battlefields.
